

OUR LOCATION

Glenwood is located in west central Minnesota and is easily reached on Minnesota highways from the primary Interstate routes 94 or 29. Minnesota highways 28/29 and 55 directly service Glenwood.

The Twin Cities are 140 miles southeast of Glenwood. And when coming from the southwest, you will find us 4-5 hours from the Sioux Falls, South Dakota and Sioux City, Iowa area.

Hunt's Resort is 1 1/2 miles west of downtown Glenwood on Pope County Road 54, otherwise known as North Lakeshore Drive.

Look for the big sign in the shape of the state of Minnesota.

LAKE MINNEWASKA

The first thing you'll notice about Lake Minnewaska is it's beautiful setting. Prehistoric glaciers moved through this part of west central Minnesota and carved out a 7200 acre area which is now the thirteenth largest lake in Minnesota. Minnewaska is rimmed by hills and trees. Glenwood is nestled at the foot of these hills on the north shore of Minnewaska.

Ever popular lake activities include fishing, sailing, boating and water skiing. Glenwood's summer water festival, Waterama, is celebrated the last weekend in July. Winterama is celebrated the second weekend in February.

Lake Minnewaska, approximately 9 miles long, is known for Bass, Northern, Walleye, Crappies, Sunfish, and Bluegill.
